

Rather be somewhere other than the dental chair!
Now you can.

NuCalm™ is a revolutionary technology proven to naturally relax the body within minutes to provide a unique and rejuvenating dental experience every time you visit us. To date over 21,700 dental patients across the United States have experienced a relaxing dental appointment with NuCalm without a single reported adverse experience. 98% of patients who have experienced NuCalm state they would recommend it to their friends and family.

NuCalm is administered at the beginning of your appointment and most patients experience deep relaxation within 3 to 5 minutes. Once your dental appointment is completed, you can leave our office immediately with no side effects, no impairments, and no recovery time. You will leave feeling relaxed and rejuvenated!

News is spreading quickly about NuCalm. It was featured on ABC News Health Beat, CBS News, NBC News, and WGN Chicago.
